NMPL CRICKET LEAGUE

★ FROM PERFORMANCE TO PURPOSE ★

THE STORY BEHIND NMPL

The Narsee Monjee Premier League (NMPL) was created with a clear vision—to build a strong cricketing ecosystem on campus that prepares students for challenges beyond college-level competitions.

The concept emerged after observing the immense talent, determination, and competitive spirit displayed by NMIMS Shirpur students in external tournaments. While the students possessed the ability to compete at a high level, there was a clear need for more match exposure, better competition, and a structured environment for continuous development.

Inspired by professional franchise-based leagues such as the Indian Premier League (IPL), NMPL was conceptualized to provide students with a professional sporting experience through franchise teams, auctions, league-stage matches, playoffs, and championship encounters.

The league was designed not only to improve cricketing skills but also to develop leadership, teamwork, tactical awareness, discipline, and sportsmanship among students.

Today, NMPL has evolved into one of the most successful sporting initiatives of NMIMS Shirpur Campus, serving as a bridge between campus sports and university, district, state, and national-level competitions.
